

# TECHNICAL DATA SHEET

## AC leakage stop plus

**Art. no. 0892 764 775**

**Preventive use for sealing micro-leaks on metal and rubber components, and for locating leaks in R134a and R1234yf vehicle air-conditioning systems**

Contents	60 ml
Weight of content	52.2 g
Container	Bottle
Colour	Light yellow
Density	0.87 g/cm <sup>3</sup>
Shelf life from production	60 Month

## Application area

In the vacuum phase, the product is fed into the air-conditioning circuit via the low-pressure connection.

## Notice

Do not attach the can to the high-pressure side of the air-conditioning circuit, as this could cause the container to explode, which may result in personal injury.

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately.
